Professional Summary

UX Researcher with 8 years in Product/Design, currently at Keystone Apps. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Excel, Confluence and React.

Experience

UX Researcher, Keystone Apps

2021-03 — 2026-08 | West Bailey

- » Partnered with data to define activation and retention definitions the whole company now uses.
- » Shipped a design system in React adopted across 50 product surfaces.
- » Reduced support contacts by 60% by reworking the checkout and error states.
- » Prototyped 40 concepts in React and killed two early on evidence rather than opinion.
- » Defined north-star metrics and instrumented them across 30 delivery squads.

UX Researcher, Vantage Analytics

2018-12 — 2021-02 | South Joystad

- » Wrote the PRDs and acceptance criteria for a platform migration affecting 5k users.
- » Redesigned onboarding in React, lifting activation from 6% to 82%.
- » Introduced accessibility standards to the design process, taking 4 flows to WCAG AA.
- » Negotiated scope with engineering and legal to ship a compliance deadline on time.

IBM — UX Researcher

2018-03 — 2018-11 | West Tina (Remote (UK))

- » Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
- » Built the experimentation framework the team uses to size bets before committing.
- » Prioritised a backlog for 15 engineers, delivering 6 releases per quarter.

Academic History

Bachelor, Communications

Eastbrook State University | 2017
