WORK EXPERIENCE

Lumen Works — Junior UX Researcher

02/2025 - Present | Jasontown

- Defined north-star metrics and instrumented them across 15 delivery squads.
- Reduced support contacts by 12% by reworking the checkout and error states.
- Wrote the PRDs and acceptance criteria for a platform migration affecting 2k users.
- Partnered with data to define activation and retention definitions the whole company now uses.

Home energy dashboard

Collects meter readings and renders them with Kotlin. Mostly an excuse to learn time-series storage properly.

Personal finance tracker

Self-hosted spend tracker built with Git. Deliberately kept the data local rather than using a hosted service.

Conference talk

Spoke on Kotlin in production at a regional meetup, ~20 attendees.
