- Django
- Playwright

Languages

English – Native

Personal Interests

Home automation, Baking, Cycling

Eric Martin

SDET

Professional Summary

Pragmatic SDET (5 years in QA/Testing). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means JavaScript, Cypress and a lot of conversations with the people who use what we build.

Experience

SDET, BrightPath Solutions

February 2023 to Current | Michaelton

- Introduced flaky-test quarantine, taking suite reliability from 10% to 96%.
- Set up cross-browser and device coverage in Cypress, catching defects staging had missed.
- Established test data management practices later adopted by 8 teams.
- Automated 2 regression suites with Python, cutting the manual test cycle by 60%.

Vantage Analytics — Quality Engineer

September 2020 to November 2022 | Joshuastad (Hybrid)

- Mentored 5 manual testers into automation roles.
- Partnered with developers to shift testing left, embedding QA in refinement sessions.
- Built the defect triage process and reporting the engineering leads still use.

Education & Qualifications

PhD, Biology

Universidad Politecnica de Madrid | 2016 to 2020

Bachelor, Biology

Ellsworth State University | 2013 to 2016

Personal Projects

Recipe search engine

Full-text search over a scraped recipe corpus using Django; learned more about ranking than about cooking.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Python.

Certificates

ISTQB Certified Tester - Foundation Level — ISTQB, 2021

Community

Volunteer instructor at a weekend coding club for 20 secondary school students.
