About Me

Platform Engineer with 1 year of commercial experience across Software Development. I learn fast, ask a lot of questions, and care about leaving code clearer than I found it. Core tools: Node.js, C#.

Work Experience

Nov 2024 – Present	Platform Engineer Clearwater Systems - Owned the customer-facing API end to end on Node.js, from schema design through on-call support. - Built a reusable gRPC component library adopted by 10 product teams, removing months of duplicated work.
--------------------	--

Qualifications

Bachelor, Communications

Marchmont University | 2020 – 2023

Skills & Tools

Node.js, C#, MySQL, gRPC, Redshift, Tableau

Selected Projects

Commute optimiser

Pulls transit APIs and suggests departure times, built on C#.

Recipe search engine

Full-text search over a scraped recipe corpus using Node.js; learned more about ranking than about cooking.

Match-day predictor

Small model in Redshift predicting league results. Beats the naive baseline; still loses to the bookmakers.

Professional Certifications

Databricks Certified Data Engineer Associate — Databricks, 2019

Professional Data Engineer — Google Cloud, 2021

Volunteering

Volunteer instructor at a weekend coding club for 20 secondary school students.

Languages

English – C2
