- TypeScript — Working knowledge
- Java — Working knowledge
- Python — Working knowledge
- Angular — Working knowledge
- Looker — Working knowledge
- Sketch — Working knowledge

Work Experience

Junior SDET

Meridian Software | 2024-11 — Present | South Julieview

- Mentored 5 manual testers into automation roles.
- Wrote the team's testing strategy, separating unit, contract and end-to-end responsibilities.
- Built the defect triage process and reporting the engineering leads still use.

Selected Projects

Home energy dashboard

Collects meter readings and renders them with Angular. Mostly an excuse to learn time-series storage properly.

Charity chatbot

Built a Looker assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Java utility library

Open-source helper library for Java, ~400 GitHub stars. Wrote the docs and handled issue triage.

Professional Certifications

Google Analytics Certification — Google, 2026
