Technical Skills

pytest — Working knowledge
Git — Intermediate
Postman — Intermediate
Jira — Working knowledge
Docker — Working knowledge
Cypress — Working knowledge
GraphQL — Intermediate
SQL — Intermediate
Node.js — Intermediate

Relevant Experience

SDET

Stonebridge IT | Sep '22 – Jul '26

- Wrote the team's testing strategy, separating unit, contract and end-to-end responsibilities.
- Introduced flaky-test quarantine, taking suite reliability from 40% to 96%.
- Integrated automated checks into the Docker pipeline, blocking 20 faulty releases.

Personal Projects

Technical blog

Writing up pytest experiments and failures, roughly 3k readers a month.

SQL utility library

Open-source helper library for SQL, ~100 GitHub stars. Wrote the docs and handled issue triage.
