Richard Parks

Junior Full-Stack Developer

Personal Statement

Pragmatic Junior Full-Stack Developer (4 years in Software Development). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means pytest, Python and a lot of conversations with the people who use what we build.

Career History

Junior Full-Stack Developer, Nova Tech Group

05/2022 - Present

- » Set the service-level objectives for 30 services and built the dashboards the team still runs on.
- » Introduced contract testing with pytest, lifting coverage from 20% to 96% and cutting integration bugs.
- » Drove the team's adoption of trunk-based development, reducing merge conflicts and lead time by 20%.
