

Brittany Wolf

Work Experience

Jan '12 – Present	Lead Data Analyst Palantir - Migrated reporting from spreadsheets to Snowflake, giving one trusted source of numbers. - Trained 2 non-technical colleagues to self-serve, cutting ad-hoc request volume by 70%. - Consolidated 50 legacy reports into 12 maintained dashboards. - Designed the experiment readouts template now used company-wide. - Rebuilt the finance forecast with the FP&A; team, improving accuracy by 22%.
Feb '03 – Sep '11	Analytics Engineer Datadog - Modelled pricing scenarios in Kafka, supporting a 60% margin improvement. - Defined and documented 50 core business metrics in the semantic layer, ending duplicate definitions. - Automated monthly reporting with Pandas, saving 6 analyst-hours per cycle. - Built Power BI dashboards used daily by 20 stakeholders across three departments.
Jan '01 – Jan '03	Business Intelligence Analyst Foxglove Media - Built data quality tests in SQL that catch upstream breakages before stakeholders see them. - Presented findings to the executive team monthly, translating analysis into concrete decisions. - Analysed churn drivers and informed retention work that reduced churn by 15%.
Dec '96 – Nov '00	Business Intelligence Analyst Vantage Analytics - Partnered with engineering to fix event tracking, recovering 30% of previously lost sessions. - Ran cohort analysis that reframed how the business measures activation. - Ran retrospectives and drove the follow-up actions to completion, not just to the board.
