Summary

Entry-level Software Development candidate. Strongest in GraphQL; comfortable enough with Node.js to be useful from week one, and honest about what I still need to learn.

Education & Qualifications

High School

Clementsmouth High School | 2024

Career History

Seeking a first professional role; see projects below.

Technical Proficiencies

GraphQL, Node.js, Next.js, React, Jira, Cypress

Projects

Match-day predictor

Small model in Cypress predicting league results. Beats the naive baseline; still loses to the bookmakers.

Personal finance tracker

Self-hosted spend tracker built with GraphQL. Deliberately kept the data local rather than using a hosted service.

Commute optimiser

Pulls transit APIs and suggests departure times, built on React.
