About Me

Product Manager with 1 year of commercial experience across Product/Design. I learn fast, ask a lot of questions, and care about leaving code clearer than I found it. Core tools: Jira, Git.

Employment History

2024-07 — 2026-01	Product Manager BrightPath Solutions – Defined north-star metrics and instrumented them across 50 delivery squads. – Partnered with data to define activation and retention definitions the whole company now uses.
-------------------	---

Education and Training

High School

North Kaylastad High School | 2019 — 2023

Tech Stack

Jira (1 year), Git (1 year), Tableau (1 year), Figma (2 years), Node.js (1 year), NumPy (1 year), Nginx (1 year)

Side Projects

Technical blog

Writing up Figma experiments and failures, roughly 5k readers a month.

Match-day predictor

Small model in Jira predicting league results. Beats the naive baseline; still loses to the bookmakers.

Personal finance tracker

Self-hosted spend tracker built with Nginx. Deliberately kept the data local rather than using a hosted service.

Recognition

Innovation Award, 2016

Internal Hackathon Winner, 2017

Outside of Work

Chess, Sailing, Long-distance swimming, Cooking
