

Amy Levine

erichardson@example.org | 427.822.3972x4042

Professional Profile

Pragmatic QA Engineer (4 years in QA/Testing). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means TypeScript, Selenium and a lot of conversations with the people who use what we build.

Experience

QA Engineer, Oracle

2022–Present | East Kayla

- Reduced escaped defects by 55% through risk-based test prioritisation.
- Integrated automated checks into the Prometheus pipeline, blocking 50 faulty releases.
- Introduced flaky-test quarantine, taking suite reliability from 20% to 92%.
- Established test data management practices later adopted by 30 teams.

Academic History

PhD, Data Science

University of Cambridge | 2015–2020

Bachelor, Biology

Copperfield State University | 2012–2015

Technical Skills

TypeScript (1 yr exp), Selenium (3 yr exp), Cypress (1 yr exp), Postman (1 yr exp), pytest (2 yr exp), Tableau (2 yr exp), Prometheus (1 yr exp), Figma (3 yr exp)

Notable Projects

Charity chatbot

Built a TypeScript assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Personal finance tracker

Self-hosted spend tracker built with Cypress. Deliberately kept the data local rather than using a hosted service.

Certifications

Azure Solutions Architect Expert (AZ-305) — Microsoft, 2022

AWS Certified Solutions Architect - Associate — Amazon Web Services, 2019

Professional Scrum Master I (PSM I) — Scrum.org, 2023

Publications

"Handling label noise in weakly supervised classification" - technical report, 2020. Cited internally as the basis for the current design.

"Drift detection for production forecasting models" - technical report, 2022. Cited internally as the basis for the current design.
