About Me

Senior Product/Design professional, 14 years in. Track record of taking ambiguous problems through design, delivery and the unglamorous operational work that follows. I mentor deliberately and write things down. Core stack: Figma, Looker, Git.

Employment History

Senior Technical Product Manager, IBM

May 2019 – Now | Waltersstad (Remote)

- » Ran discovery interviews with 6 customers, reshaping the following year's roadmap.
- » Introduced accessibility standards to the design process, taking 4 flows to WCAG AA.
- » Negotiated scope with engineering and legal to ship a compliance deadline on time.
- » Shipped a design system in TypeScript adopted across 8 product surfaces.

Product Designer, Cobalt Systems

Aug 2016 – Jan 2019 | East Denise

- » Prototyped 30 concepts in TypeScript and killed two early on evidence rather than opinion.
- » Prioritised a backlog for 40 engineers, delivering 5 releases per quarter.
- » Built the experimentation framework the team uses to size bets before committing.

SAP — Junior Product Designer

Dec 2011 – May 2016 | West James (Hybrid)

- » Partnered with data to define activation and retention definitions the whole company now uses.
- » Reduced support contacts by 45% by reworking the checkout and error states.

Academic Background

Bachelor, Mathematics

Halloway Institute of Technology | 2006 – 2010
