Summary

DevOps/Infrastructure graduate looking for a first role. Picked up Azure and Linux through coursework and side projects rather than commercial work, and I'd like to learn the rest somewhere that reviews code properly.

Academic Background

PhD, Information Systems

Vernon Hills University | 2022 – 2026

Relevant coursework: Business Process Modelling, Database Design, IT Governance, Enterprise Architecture

Bachelor, Information Systems

Halloway Institute of Technology | 2018 – 2022

Career History

Seeking a first professional role; see projects below.

Core Competencies

Skill	Experience
Azure	1 year
Linux	1 year
CI/CD	1 year
Grafana	1 year
Prometheus	1 year
Python	1 year

Selected Projects

Recipe search engine

Full-text search over a scraped recipe corpus using Python; learned more about ranking than about cooking.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Linux.

Azure utility library

Open-source helper library for Azure, ~200 GitHub stars. Wrote the docs and handled issue triage.

Languages

English – C2

Turkish – Conversational

Personal Interests

Bouldering, Chess, Woodworking, Sailing
