PROFILE

Pragmatic Infrastructure Engineer (5 years in DevOps/Infrastructure). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Linux, Nginx and a lot of conversations with the people who use what we build.

PROFESSIONAL EXPERIENCE

Stripe — Infrastructure Engineer

2020–Present

- Migrated 5 services to Datadog, cutting monthly infrastructure spend by 12%.
- Introduced secret rotation and least-privilege IAM across 15 accounts.
- Automated 50 manual runbooks, saving an estimated 20 engineer-hours per month.
- Led the Kubernetes upgrade across 2 clusters with zero customer-visible downtime.

EDUCATION & QUALIFICATIONS

Bachelor, Computer Science

Thornfield University | 2017–2020

CORE COMPETENCIES

Languages: TypeScript

Cloud & DevOps: Linux, Nginx, Terraform, Docker, Datadog, GCP, Prometheus, Kubernetes

Data: MySQL

PROJECTS

Personal finance tracker

Self-hosted spend tracker built with Datadog. Deliberately kept the data local rather than using a hosted service.

Charity chatbot

Built a Nginx assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

LICENCES & CERTIFICATIONS

TensorFlow Developer Certificate — Google, 2019

OUTSIDE OF WORK

Home automation, Sailing, Woodworking, Long-distance swimming
