

Brittany Kane

Junior Backend Developer

Personal Statement

Software Development specialist with 3 years+ building and shipping production systems. Deep hands-on experience with Docker, PostgreSQL and Java, most recently at IBM.

Work Experience

IBM — Junior Backend Developer

May 2023 – Now | Port Julie (On-site)

- Cut CI build times by 45% by parallelising the Docker pipeline and caching dependency layers.
- Partnered with product to scope and deliver 3 major releases, each behind staged rollouts.
- Led the migration of a legacy monolith to Java, taking deployments from fortnightly to 4 per day.
- Drove the team's adoption of trunk-based development, reducing merge conflicts and lead time by 55%.
