

Gregory James

Mobile Engineer

Profile

Pragmatic Mobile Engineer (7 years in Software Development). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means FastAPI, C# and a lot of conversations with the people who use what we build.

Professional Experience

Mobile Engineer

Clearwater Systems | Sep 2022 – Current | Guzmanfort

- Hardened authentication flows in Next.js after a security review, closing 30 findings before audit.
- Designed and shipped Swift services handling 30k requests per minute, cutting p99 latency from 600ms to 60ms.
- Partnered with product to scope and deliver 50 major releases, each behind staged rollouts.

Mobile Engineer, Atlassian

May 2020 – Jul 2022 | West William

- Refactored the billing module behind a feature flag, eliminating 70% of recurring production incidents.
- Owned the customer-facing API end to end on REST APIs, from schema design through on-call support.

Software Engineer

Datadog | Mar 2019 – Jan 2020 | Stephanieport

- Introduced contract testing with Java, lifting coverage from 40% to 82% and cutting integration bugs.

Education and Training

High School

North Tylerchester High School | 2016 – 2019

Awards

Best Team Contribution, 2023

Engineering Excellence Award, 2024

Volunteering

Volunteer instructor at a weekend coding club for 25 secondary school students.
