

Jennifer Acevedo

Software Engineer

Professional Experience

Beacon Interactive — Software Engineer

Aug 2020 – Feb 2026 | Susanstad

- Hardened authentication flows in Node.js after a security review, closing 6 findings before audit.
- Cut CI build times by 18% by parallelising the the in-house toolchain pipeline and caching dependency layers.
- Mentored 2 junior engineers, ran weekly design reviews, and authored the team's onboarding guide.
- Built a reusable Spring Boot component library adopted by 10 product teams, removing months of duplicated work.
