Summary

Pragmatic UX Researcher (6 years in Product/Design). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Git, React and a lot of conversations with the people who use what we build.

Selected Highlights

- Prioritised a backlog for 4 engineers, delivering 4 releases per quarter.
- Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
- Introduced accessibility standards to the design process, taking 6 flows to WCAG AA.

Career History

UX Researcher, Ironwood Labs

2023–Present | Port Davidstad

- Ran discovery interviews with 15 customers, reshaping the following year's roadmap.
- Built the experimentation framework the team uses to size bets before committing.
- Shipped a design system in React adopted across 50 product surfaces.

Product Manager, Nova Tech Group

2020–2023 | West Monicabury

- Wrote the PRDs and acceptance criteria for a platform migration affecting 30k users.
- Prototyped 30 concepts in React and killed two early on evidence rather than opinion.

Academic History

Master, Electrical Engineering

Fairview Institute of Technology | 2018

Thesis: "Signal denoising on embedded hardware"

Relevant coursework: Embedded Systems, Signal Processing, Control Systems, Microelectronics

Bachelor, Electrical Engineering

Ellsworth State University | 2016

Technical Skills

Languages: SQL, Java, Swift

Frameworks: React

Analytics & Design: Power BI

Testing & Tooling: Git, Selenium

Side Projects

Conference talk

Spoke on Swift in production at a regional meetup, ~10 attendees.

Certifications

Certified Kubernetes Administrator (CKA) — Cloud Native Computing Foundation, 2023

AWS Certified Developer - Associate — Amazon Web Services, 2016

Language Skills

English – Bilingual

Dutch – Basic (A2)
