Professional Summary

Pragmatic Product Designer (3 years in Product/Design). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means React, Confluence and a lot of conversations with the people who use what we build.

Experience

Vantage Analytics — Product Designer

November 2022 to Current | Janiceport

- Defined north-star metrics and instrumented them across 15 delivery squads.
- Prototyped 5 concepts in React and killed two early on evidence rather than opinion.
- Ran discovery interviews with 5 customers, reshaping the following year's roadmap.
