

Susan Williams

wardzachary@example.net – (566)791-3624 – Donnastad – [linkedin.com/in/susan-williams](https://www.linkedin.com/in/susan-williams) – github.com/susandev

CAREER HIGHLIGHTS

- Partnered with developers to shift testing left, embedding QA in refinement sessions.
- Reduced escaped defects by 22% through risk-based test prioritisation.
- Introduced flaky-test quarantine, taking suite reliability from 10% to 90%.

CAREER HISTORY

Quality Engineer, Summit Digital

Feb 2021 – Current

- Wrote the team's testing strategy, separating unit, contract and end-to-end responsibilities.
- Drove accessibility coverage from 6% to 90% of core journeys.
- Built a performance harness in CI/CD simulating 3k concurrent users.
- Set up cross-browser and device coverage in CI/CD, catching defects staging had missed.

QUALIFICATIONS

High School

Lake Casey High School | 2016 – 2019

SKILLS

Git — Intermediate

CI/CD — Intermediate

Python — Intermediate

TypeScript — Intermediate

Java — Intermediate

Cypress — Working knowledge

SQL — Working knowledge

gRPC — Intermediate
