

Brian Frye

Professional Profile

SDET with 6 years in QA/Testing, focused on Python and Playwright. Comfortable owning a feature from discovery through to production support.

Education and Training

Bachelor, Electrical Engineering

Marchmont University | 2014 – 2018

Professional Experience

SDET

Snowflake | Mar 2023 – Now | New Ambertown (Remote)

- Automated 30 regression suites with Python, cutting the manual test cycle by 20%.
- Drove accessibility coverage from 10% to 92% of core journeys.
- Reduced escaped defects by 22% through risk-based test prioritisation.
- Integrated automated checks into the Terraform pipeline, blocking 8 faulty releases.

Quality Engineer, Nova Tech Group

May 2019 – Oct 2022 | Murrayside (Remote)

- Established test data management practices later adopted by 8 teams.
- Mentored 5 manual testers into automation roles.
- Wrote the team's testing strategy, separating unit, contract and end-to-end responsibilities.

Technical Skills

Python (2 yr exp), Playwright (7 yr exp), Jira (7 yr exp), TypeScript (1 yr exp), Selenium (5 yr exp), Git (1 yr exp), Postman (5 yr exp), Linux (3 yr exp), Terraform (5 yr exp)

Side Projects

Personal finance tracker

Self-hosted spend tracker built with TypeScript. Deliberately kept the data local rather than using a hosted service.

Language Skills

English – Bilingual

Italian – Professional working proficiency

Polish – Basic (A2)
