

Andrea Tran

Machine Learning Engineer

Professional Profile

Machine Learning Engineer with 1 year of commercial experience across Data/AI/ML. I learn fast, ask a lot of questions, and care about leaving code clearer than I found it. Core tools: MLflow, Spark.

Education and Training

Master, Business Administration

Vernon Hills University | 2022 - 2024

Thesis: "Pricing strategy in two-sided marketplaces"

Bachelor, Business Administration

Northgate University | 2017 - 2021

Experience

Shopify — Machine Learning Engineer

04/2025 - Present | Rileyberg (Hybrid - 2 days on-site)

- Cut inference cost by 15% through quantisation, batching and autoscaling on the in-house toolchain.
- Reduced label noise by redesigning the annotation guidelines, improving validation accuracy by 40%.
- Built an end-to-end training pipeline on Spark, cutting retraining from days to 40 hours.
- Mentored 8 analysts moving into modelling work, with weekly paper reading and code review.

Side Projects

Home energy dashboard

Collects meter readings and renders them with MLflow. Mostly an excuse to learn time-series storage properly.

Technical blog

Writing up MLflow experiments and failures, roughly 8k readers a month.

Recipe search engine

Full-text search over a scraped recipe corpus using Snowflake; learned more about ranking than about cooking.

Training & Certifications

Azure Solutions Architect Expert (AZ-305) — Microsoft, 2016

Certified ScrumMaster (CSM) — Scrum Alliance, 2021

Volunteer Experience

STEM ambassador running school workshops twice a term.
