About Me

Pragmatic Applied Scientist (4 years in Data/AI/ML). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Kafka, Python and a lot of conversations with the people who use what we build.

Professional Experience

Applied Scientist, Stonebridge IT

February 2022 to Present | Liumouth (Hybrid)

- Ran A/B tests across 10 model variants; the winning variant added an estimated \$100k in annual revenue.
- Reduced label noise by redesigning the annotation guidelines, improving validation accuracy by 20%.
- Built an end-to-end training pipeline on Python, cutting retraining from days to 2 hours.
- Cut inference cost by 35% through quantisation, batching and autoscaling on Ansible.

Qualifications

Bachelor, Software Engineering

Westfield State University | 2018 to 2022

Core Competencies

Kafka (1 year), Python (4 years), SQL (4 years), LangChain (4 years), Postman (1 year), Ansible (4 years)

Certifications

Certified Information Systems Security Professional (CISSP) — ISC2, 2023

TensorFlow Developer Certificate — Google, 2026

Language Skills

English – Bilingual
