---

Product Manager with 9 years in Product/Design, currently at Nova Tech Group. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Figma, Tableau and React.

## RELEVANT EXPERIENCE

---

### **Nova Tech Group** — Product Manager

Jul 2021 – Present | Victorfort (Hybrid)

- Built the experimentation framework the team uses to size bets before committing.
- Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
- Facilitated usability testing that surfaced 10 critical friction points before launch.
- Prioritised a backlog for 50 engineers, delivering 4 releases per quarter.

### **Product Designer**, Meridian Software

Oct 2017 – Apr 2021 | Torresport (On-site)

- Defined north-star metrics and instrumented them across 12 delivery squads.
- Negotiated scope with engineering and legal to ship a compliance deadline on time.
- Shipped a design system in TypeScript adopted across 6 product surfaces.

### **UX Designer**

Ironwood Labs | May 2017 – Sep 2017 | Nathanbury (Hybrid - 2 days on-site)

- Prototyped 20 concepts in TypeScript and killed two early on evidence rather than opinion.
- Partnered with data to define activation and retention definitions the whole company now uses.

### **Junior UX Researcher**

Keystone Apps | Sep 2016 – Apr 2017 | Nguyenville

- Ran discovery interviews with 8 customers, reshaping the following year's roadmap.
- Reduced support contacts by 60% by reworking the checkout and error states.
