

ANGELA VARGAS

Senior UX Researcher with 23 years in Product/Design, currently at Nova Tech Group. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Confluence, SQL and Jira.

CAREER HISTORY

Senior UX Researcher, Nova Tech Group

2013-03 — Present

- Defined north-star metrics and instrumented them across 15 delivery squads.
- Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
- Built the experimentation framework the team uses to size bets before committing.
- Shipped a design system in React adopted across 3 product surfaces.

Product Designer

Salesforce | 2007-11 — 2013-01

- Ran discovery interviews with 5 customers, reshaping the following year's roadmap.
- Introduced accessibility standards to the design process, taking 3 flows to WCAG AA.
- Wrote the PRDs and acceptance criteria for a platform migration affecting 40k users.

UX Designer

Lumen Works | 2004-01 — 2007-06

- Prototyped 6 concepts in TypeScript and killed two early on evidence rather than opinion.
- Partnered with data to define activation and retention definitions the whole company now uses.

Junior UX Designer

Harbor Point Tech | 2003-03 — 2003-10

- Negotiated scope with engineering and legal to ship a compliance deadline on time.
- Reduced support contacts by 22% by reworking the checkout and error states.

UX Researcher, BrightPath Solutions

2002-03 — 2002-11

- Prioritised a backlog for 12 engineers, delivering 5 releases per quarter.
- Facilitated usability testing that surfaced 3 critical friction points before launch.

EDUCATION AND TRAINING

High School

Turnerton High School | 1998 — 2002

TECHNOLOGIES

Confluence (4 years), SQL (19 years), Jira (8 years), Figma (20 years), Git (6 years), TypeScript (15 years), Power BI (5 years), React (16 years), Sketch (4 years), Tableau (12 years), Excel (19 years), Hugging Face (10 years), MongoDB (11 years), PyTorch (18 years), Cypress (8 years), Datadog (3 years)

PROJECTS

Home energy dashboard

Collects meter readings and renders them with Power BI. Mostly an excuse to learn time-series storage properly.

Personal Interests

Long-distance swimming, Amateur photography, Volunteering at a local coding club
