

Nicole Day

Machine Learning Engineer

Experience

Machine Learning Engineer, Vantage Analytics

February 2025 to Current

- » Established offline/online evaluation parity, catching 8 silent regressions before release.
- » Reduced label noise by redesigning the annotation guidelines, improving validation accuracy by 20%.
- » Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.
- » Cut inference cost by 70% through quantisation, batching and autoscaling on AWS.

Qualifications

Bachelor, Biology

Halloway Institute of Technology | 2024

Relevant coursework: Genetics, Biostatistics, Bioinformatics, Cell Biology

Projects

Conference talk

Spoke on Go in production at a regional meetup, ~50 attendees.

Match-day predictor

Small model in C# predicting league results. Beats the naive baseline; still loses to the bookmakers.

Recipe search engine

Full-text search over a scraped recipe corpus using C#; learned more about ranking than about cooking.

Certificates

Professional Data Engineer — Google Cloud, 2016
