PROFILE

Product Designer with 15 years in Product/Design, currently at Clearwater Systems. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in Excel, TypeScript and Power BI.

WORK EXPERIENCE

Product Designer — Clearwater Systems
08/2014 - Present

- Prototyped 6 concepts in Figma and killed two early on evidence rather than opinion.
- Shipped a design system in React adopted across 4 product surfaces.
- Partnered with data to define activation and retention definitions the whole company now uses.
- Defined north-star metrics and instrumented them across 30 delivery squads.

Product Designer — Ironwood Labs
10/2012 - 04/2014

- Prioritised a backlog for 12 engineers, delivering 8 releases per quarter.
- Ran discovery interviews with 12 customers, reshaping the following year's roadmap.
- Redesigned onboarding in Sketch, lifting activation from 40% to 96%.

UX Researcher — Stonebridge IT
11/2011 - 06/2012

- Built the experimentation framework the team uses to size bets before committing.
- Facilitated usability testing that surfaced 50 critical friction points before launch.

Product Manager — Cobalt Systems
09/2010 - 09/2011

- Introduced accessibility standards to the design process, taking 10 flows to WCAG AA.
- Wrote the PRDs and acceptance criteria for a platform migration affecting 15k users.

EDUCATION AND TRAINING

Bachelor, Economics
Eastbrook State University | 2007 - 2010
