SUMMARY

Pragmatic Mobile Engineer (6 years in Software Development). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Redis, CI/CD and a lot of conversations with the people who use what we build.

PROFESSIONAL EXPERIENCE

Ironwood Labs — Mobile Engineer

November 2021 to January 2026

- » Refactored the billing module behind a feature flag, eliminating 25% of recurring production incidents.
- » Designed and shipped Python services handling 15k requests per minute, cutting p99 latency from 1200ms to 140ms.
- » Mentored 6 junior engineers, ran weekly design reviews, and authored the team's onboarding guide.

Junior Mobile Engineer, Summit Digital

October 2019 to October 2021

- » Set the service-level objectives for 6 services and built the dashboards the team still runs on.
- » Owned the customer-facing API end to end on Python, from schema design through on-call support.

EDUCATION

Bachelor, Software Engineering

Braxton University | 2016 to 2019

Cum Laude

SKILLS

Redis

CI/CD

Docker

JavaScript

FastAPI

Node.js

Python

DynamoDB

Scala

PyTorch

CERTIFICATES

Tableau Desktop Specialist — Tableau, 2024

RECOGNITION

Dean's List, 2021

Innovation Award, 2021
