

Stacy L. Mccall

Cloud Engineer

PROFESSIONAL PROFILE

DevOps/Infrastructure graduate with 1 year of hands-on experience, most recently at Clearwater Systems. Comfortable with Linux and Kafka, and keen to work somewhere with strong code review culture.

CAREER HISTORY

Cloud Engineer, Clearwater Systems

2024-10 — 2026-03 | New Kristina (Hybrid)

- » Automated 40 manual runbooks, saving an estimated 20 engineer-hours per month.
- » Ran the on-call rotation for 3 production services, sustaining 99.9% availability.
- » Introduced infrastructure-as-code with Linux, eliminating manual provisioning entirely.
- » Wrote the platform team's paved-road documentation, cutting onboarding from weeks to days.

EDUCATION AND TRAINING

Master, Communications

Northgate University | 2022 — 2023

Relevant coursework: Research Methods, Media Theory, Digital Strategy, Public Relations

Bachelor, Communications

Fairview Institute of Technology | 2018 — 2022

SELECTED PROJECTS

Personal finance tracker

Self-hosted spend tracker built with Kafka. Deliberately kept the data local rather than using a hosted service.

Match-day predictor

Small model in Kafka predicting league results. Beats the naive baseline; still loses to the bookmakers.

Recipe search engine

Full-text search over a scraped recipe corpus using Terraform; learned more about ranking than about cooking.
