ANTHONY WILLIAMS

MLOps Engineer

Professional Profile

Data/AI/ML graduate with 2 years of hands-on experience, most recently at Oracle. Comfortable with Hugging Face and BigQuery, and keen to work somewhere with strong code review culture.

Academic History

Bachelor, Biology

Marchmont University | 2020 – 2023
Cum Laude

Career History

Oracle — MLOps Engineer

Feb '24 – Mar '26 | East Douglas (Hybrid)

- Reduced label noise by redesigning the annotation guidelines, improving validation accuracy by 40%.
- Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.

Side Projects

Commute optimiser

Pulls transit APIs and suggests departure times, built on Python.

Match-day predictor

Small model in Python predicting league results. Beats the naive baseline; still loses to the bookmakers.

Personal finance tracker

Self-hosted spend tracker built with Hugging Face. Deliberately kept the data local rather than using a hosted service.

Volunteering

Committee member, local Data meetup - organise speakers and venue.
