

STACIE MARSHALL

david78@example.com | 209.400.7121 | Donaldport | github.com/staciedev

Early-career Junior Technical Product Manager with 2 years in Product/Design. Strongest in Git; currently deepening my React experience through production work rather than tutorials.

EDUCATION AND TRAINING

Master, Data Science

Georgia Institute of Technology | 2022–2023

Magna Cum Laude

Thesis: “Drift detection for production forecasting models”

Bachelor, Data Science

Pinehurst University | 2018–2021

WORK EXPERIENCE

Oracle — Junior Technical Product Manager

2023–2026

- Reduced support contacts by 45% by reworking the checkout and error states.
- Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.

TECHNOLOGIES

Git, React, Jira, JavaScript, SQL

OPEN SOURCE

Personal finance tracker

Self-hosted spend tracker built with Jira. Deliberately kept the data local rather than using a hosted service.

Match-day predictor

Small model in JavaScript predicting league results. Beats the naive baseline; still loses to the bookmakers.

Home energy dashboard

Collects meter readings and renders them with Jira. Mostly an excuse to learn time-series storage properly.
