Professional Profile

8 years in Product/Design, most of it spent on systems other teams depend on. Comfortable leading technical decisions, pushing back on scope when it matters, and carrying a pager for what I build. Primary tools: Sketch and SQL.

Career History

2023–Present	UX Designer Lumen Works » Built the experimentation framework the team uses to size bets before committing. » Shipped a design system in React adopted across 30 product surfaces. » Prioritised a backlog for 30 engineers, delivering 3 releases per quarter. » Wrote the PRDs and acceptance criteria for a platform migration affecting 4k users. » Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
2021–2023	UX Researcher Beacon Interactive » Reduced support contacts by 35% by reworking the checkout and error states. » Ran discovery interviews with 20 customers, reshaping the following year's roadmap. » Negotiated scope with engineering and legal to ship a compliance deadline on time. » Redesigned onboarding in TypeScript, lifting activation from 40% to 85%.
2017–2021	Product Designer Datadog » Partnered with data to define activation and retention definitions the whole company now uses. » Facilitated usability testing that surfaced 4 critical friction points before launch. » Introduced accessibility standards to the design process, taking 50 flows to WCAG AA.

Education & Qualifications

Master, Business Administration

Milbrook Institute of Technology | 2015–2017

Bachelor, Business Administration

Ashford Technical University | 2010–2014

Core Competencies

Sketch

SQL

Tableau

TypeScript

Confluence

Django

C++

React

Certificates

Professional Data Engineer — Google Cloud, 2017

Google Analytics Certification — Google, 2016

Community

STEM ambassador running school workshops twice a term.

Interests

Trail running, Amateur photography, Travel photography, Volunteering at a local coding club
