Professional Summary

Recent graduate moving into Data/AI/ML. Most of my practical experience is self-directed - personal projects in Python and SQL - and I'm looking for a team to learn production engineering with.

Education

Bachelor, Mathematics

Thornfield University | 2021 to 2025

Experience

Seeking a first professional role; see projects below.

Technologies

Python (1 year), SQL (1 year), BigQuery (1 year), FastAPI (1 year), Linux (1 year)

Selected Projects

Recipe search engine

Full-text search over a scraped recipe corpus using SQL; learned more about ranking than about cooking.

SQL utility library

Open-source helper library for SQL, ~700 GitHub stars. Wrote the docs and handled issue triage.

Charity chatbot

Built a Python assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

Licences & Certifications

Databricks Certified Data Engineer Associate — Databricks, 2023

Research Output

"Convergence bounds for stochastic optimisation methods" - accepted at a peer-reviewed workshop, 2025.

"Convergence bounds for stochastic optimisation methods" - accepted at a peer-reviewed workshop, 2027.

Awards

Employee of the Quarter, 2025

Interests

Home automation, Boulderling, Jazz guitar, Open-source contribution
