

Jonathan C. McKay

abigail03@example.net – 001-700-473-5658x26082 – Youngfort

PROFESSIONAL PROFILE

Pragmatic Test Automation Engineer (7 years in QA/Testing). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Cypress, Java and a lot of conversations with the people who use what we build.

RELEVANT EXPERIENCE

Dec 2018 – May 2026	Test Automation Engineer Cloudflare • Cut end-to-end suite runtime from 4 hours to 5 minutes through parallelisation. • Built a performance harness in Cypress simulating 40k concurrent users. • Reduced escaped defects by 30% through risk-based test prioritisation. • Drove accessibility coverage from 10% to 82% of core journeys.

ACADEMIC HISTORY

Master, Economics

Ashford Technical University | 2016 – 2018

Dean's List (2 years)

Thesis: "Demand elasticity in subscription markets"

Bachelor, Economics

Ellsworth State University | 2012 – 2016

TECH STACK

- Cypress
- Java
- CI/CD
- JavaScript
- Playwright
- Docker
- Excel
- gRPC
- pytest

SIDE PROJECTS

Match-day predictor

Small model in CI/CD predicting league results. Beats the naive baseline; still loses to the bookmakers.
