Summary

Recent graduate moving into Data Analysis. Most of my practical experience is self-directed - personal projects in Pandas and Snowflake - and I'm looking for a team to learn production engineering with.

Academic History

Master, Electrical Engineering

Ellsworth State University | 2024 — 2026

Thesis: “Low-power sensor networks for building monitoring”

Bachelor, Software Engineering

Sandalwood University | 2019 — 2023

Relevant Experience

Seeking a first professional role; see projects below.

Skills & Tools

Pandas

Snowflake

Excel

Airflow

Angular

AWS

Spring Boot

Side Projects

Commute optimiser

Pulls transit APIs and suggests departure times, built on Excel.

Personal finance tracker

Self-hosted spend tracker built with AWS. Deliberately kept the data local rather than using a hosted service.

Recipe search engine

Full-text search over a scraped recipe corpus using Pandas; learned more about ranking than about cooking.

Certificates

Azure Solutions Architect Expert (AZ-305) — Microsoft, 2018

Languages

English – Bilingual

Arabic – Basic (A2)
