Professional Summary

Recent graduate moving into Data Analysis. Most of my practical experience is self-directed - personal projects in Pandas and PostgreSQL - and I'm looking for a team to learn production engineering with.

Relevant Experience

Seeking a first professional role; see projects below.

Qualifications

Bachelor, Mathematics

University of Manchester | 2023 - 2026

Technologies

Pandas • PostgreSQL • Excel • Power BI • Jenkins • Sketch • Azure

Notable Projects

Home energy dashboard

Collects meter readings and renders them with Sketch. Mostly an excuse to learn time-series storage properly.

Personal finance tracker

Self-hosted spend tracker built with Azure. Deliberately kept the data local rather than using a hosted service.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Pandas.

Training & Certifications

Certified Kubernetes Administrator (CKA) — Cloud Native Computing Foundation, 2019

Volunteering

STEM ambassador running school workshops twice a term.

Interests

Cycling, Rock climbing, Amateur photography, Urban sketching
