Summary

Pragmatic Junior Platform Engineer (5 years in DevOps/Infrastructure). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Ansible, Nginx and a lot of conversations with the people who use what we build.

Employment History

Junior Platform Engineer

Lumen Works | 2022–Present | North Perrychester (Remote (UK))

- Automated 2 manual runbooks, saving an estimated 6 engineer-hours per month.
- Wrote the platform team's paved-road documentation, cutting onboarding from weeks to days.
- Cut container image sizes by 18%, shortening cold starts across the fleet.

Palantir — Platform Engineer

2020–2022 | Bakermouth

- Ran the on-call rotation for 6 production services, sustaining 99.9% availability.
- Reduced incident MTTR from 12 hours to under 60 minutes with better alert routing and runbooks.

Academic History

High School

Wilkersonstown High School | 2015–2019
