Personal Statement

Applied Scientist with 4 years in Data/AI/ML, focused on AWS and Scikit-learn. Comfortable owning a feature from discovery through to production support.

Academic Background

Bachelor, Business Administration

National University of Singapore | 2018 – 2021

Relevant Experience

Meridian Software — Applied Scientist

Jul '22 – Present

- Mentored 50 analysts moving into modelling work, with weekly paper reading and code review.
- Reduced label noise by redesigning the annotation guidelines, improving validation accuracy by 25%.
- Developed an NLP classification system in MLflow reaching 92% F1, replacing a manual review queue.
- Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.

Technologies

AWS

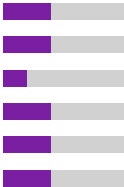

Scikit-learn

Snowflake

Airflow

MLflow

GitHub Actions

Open Source

Conference talk

Spoke on AWS in production at a regional meetup, ~40 attendees.

Certifications

Azure Fundamentals (AZ-900) — Microsoft, 2018

Publications

"Organisational change during platform migration" - technical report, 2022. Cited internally as the basis for the current design.

"Pricing strategy in two-sided marketplaces" - co-authored conference paper, 2022.
