Personal Statement

Pragmatic Product Designer (4 years in Product/Design). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means TypeScript, SQL and a lot of conversations with the people who use what we build.

Employment History

Uber — Product Designer

10/2021 - Present | Princeside (On-site)

- Built the experimentation framework the team uses to size bets before committing.
- Wrote the PRDs and acceptance criteria for a platform migration affecting 2k users.
- Partnered with data to define activation and retention definitions the whole company now uses.
- Redesigned onboarding in TypeScript, lifting activation from 20% to 85%.
