About Me

8 years in Product/Design, most of it spent on systems other teams depend on. Comfortable leading technical decisions, pushing back on scope when it matters, and carrying a pager for what I build. Primary tools: Figma and TypeScript.

Experience

Product Designer

Snowflake | May 2018 – Now | Lake Melindaburgh

- Facilitated usability testing that surfaced 10 critical friction points before launch.
- Shipped a design system in TypeScript adopted across 30 product surfaces.
- Defined north-star metrics and instrumented them across 3 delivery squads.
- Reduced support contacts by 20% by reworking the checkout and error states.
- Prototyped 5 concepts in Figma and killed two early on evidence rather than opinion.

Education

Bachelor, Electrical Engineering

Pinehurst University | 2016

Technologies

Figma, TypeScript, Tableau, Power BI, Confluence, SQL, Playwright, CI/CD, MySQL

Volunteer Experience

Mentor, CoderDojo - coaching career changers through their first technical role.

Languages

English – Fluent

Arabic – Professional working proficiency

Interests

Trail running, Volunteering at a local coding club, Open-source contribution
