SKILLS

- Linux
- Datadog
- GitHub Actions
- Docker
- Excel
- Azure

RELEVANT EXPERIENCE

Junior Site Reliability Engineer

Foxglove Media | Apr '22 – Present

- Migrated 5 services to Datadog, cutting monthly infrastructure spend by 25%.
- Hardened Linux environments ahead of SOC 2, closing 40 critical findings.
- Led the Kubernetes upgrade across 3 clusters with zero customer-visible downtime.

PERSONAL PROJECTS

Home energy dashboard

Collects meter readings and renders them with Excel. Mostly an excuse to learn time-series storage properly.
