About Me

Junior Backend Developer with 2 years of commercial experience across Software Development. I learn fast, ask a lot of questions, and care about leaving code clearer than I found it. Core tools: Next.js, Vue.js.

Professional Experience

Sep '24 – Present	Junior Backend Developer Datadog » Led the migration of a legacy monolith to Vue.js, taking deployments from fortnightly to 50 per day. » Cut CI build times by 18% by parallelising the the in-house toolchain pipeline and caching dependency layers.
-------------------	--

Education and Training

High School

Lake Ellenhaven High School | 2024

Key Skills

- Next.js — Working knowledge
- Vue.js — Working knowledge
- Git — Working knowledge
- Go — Working knowledge
- Selenium — Working knowledge

Notable Projects

Recipe search engine

Full-text search over a scraped recipe corpus using Next.js; learned more about ranking than about cooking.

Home energy dashboard

Collects meter readings and renders them with Vue.js. Mostly an excuse to learn time-series storage properly.

Conference talk

Spoke on Next.js in production at a regional meetup, ~60 attendees.

Volunteer Experience

Committee member, local Software Development meetup - organise speakers and venue.

Languages

- English – Bilingual
- Turkish – Basic (A2)
- Polish – Fluent
