

Tyler Reyes

SUMMARY

Senior Data/AI/ML professional, 8 years in. Track record of taking ambiguous problems through design, delivery and the unglamorous operational work that follows. I mentor deliberately and write things down. Core stack: PyTorch, Python, Scikit-learn.

ACADEMIC BACKGROUND

High School

Underwoodfurt High School | 2013 – 2017

RELEVANT EXPERIENCE

Applied Scientist, Northbridge IT

Aug 2020 – Present | Crystalville (On-site)

- » Established offline/online evaluation parity, catching 20 silent regressions before release.
- » Built an end-to-end training pipeline on Spark, cutting retraining from days to 5 hours.
- » Ran A/B tests across 3 model variants; the winning variant added an estimated \$30k in annual revenue.
- » Lifted recommendation click-through by 60% through feature engineering and retraining cadence in Python.
- » Migrated ad-hoc notebooks into versioned Python pipelines with reproducible runs and tracked experiments.

Silverline Data — Junior Machine Learning Engineer

Dec 2017 – Jun 2020 | New Dianaborough

- » Productionised demand forecasting models that reduced stock-outs by 45% across 10 regions.
- » Cut inference cost by 45% through quantisation, batching and autoscaling on Terraform.
- » Translated ambiguous business questions into a modelling roadmap with product and finance stakeholders.
- » Reduced label noise by redesigning the annotation guidelines, improving validation accuracy by 35%.

SKILLS

- » PyTorch
- » Python
- » Scikit-learn
- » Databricks
- » Airflow
- » BigQuery
- » Spark
- » Hugging Face
- » Angular
- » Rust
- » Terraform

NOTABLE PROJECTS

Recipe search engine

Full-text search over a scraped recipe corpus using Python; learned more about ranking than about cooking.

Conference talk

Spoke on PyTorch in production at a regional meetup, ~20 attendees.

CERTIFICATIONS

Databricks Certified Data Engineer Associate — Databricks, 2023

RESEARCH OUTPUT

"Cache coherence under bursty workloads" - accepted at a peer-reviewed workshop, 2018.

"Cache coherence under bursty workloads" - accepted at a peer-reviewed workshop, 2019.

PERSONAL INTERESTS

Sailing, Competitive pub quizzes, Urban sketching
