

Angela Peters

Junior Product Designer

Summary

Junior Product Designer with 1 year of commercial experience across Product/Design. I learn fast, ask a lot of questions, and care about leaving code clearer than I found it. Core tools: Git, Figma.

Relevant Experience

Junior Product Designer, Blue Orbit Labs

May 2024 – Mar 2026 | Port Mary

- Wrote the PRDs and acceptance criteria for a platform migration affecting 8k users.
- Shipped a design system in Figma adopted across 50 product surfaces.

Education and Training

Master, Electrical Engineering

West Erica State University | 2022 – 2023

Thesis: “Signal denoising on embedded hardware”

Relevant coursework: Microelectronics, Control Systems, Signal Processing, Embedded Systems

Bachelor, Electrical Engineering

Susantown National University | 2018 – 2022

Notable Projects

Match-day predictor

Small model in Looker predicting league results. Beats the naive baseline; still loses to the bookmakers.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Git.

Recipe search engine

Full-text search over a scraped recipe corpus using Grafana; learned more about ranking than about cooking.

Achievements

Dean's List, 2019

Community

STEM ambassador running school workshops twice a term.
