Professional Summary

Software Development graduate with 2 years of hands-on experience, most recently at Intel. Comfortable with Python and PostgreSQL, and keen to work somewhere with strong code review culture.

Experience

Intel — Junior Full-Stack Developer

2023-09 — 2026-05 | West Hunterside

- » Built a reusable Python component library adopted by 20 product teams, removing months of duplicated work.
- » Replaced a third-party dependency with an in-house Python module, saving \$10k per year in licence fees.

Academic History

Bachelor, Business Administration

South Frances State University | 2019 — 2023

Relevant coursework: Strategic Management, Marketing Analytics, Corporate Finance, Operations Management

Skills & Tools

Skill	Experience
Python	2 yrs
PostgreSQL	2 yrs
Java	1 year
React	2 yrs
Redis	1 year
