

Joshua F. Lamb

Summary

AI Researcher with 1 year of commercial experience across Data/AI/ML. I learn fast, ask a lot of questions, and care about leaving code clearer than I found it. Core tools: SQL, TensorFlow.

Professional Experience

AI Researcher, Amazon

Mar '25 – Aug '26 | Erikashire (Remote)

- Mentored 15 analysts moving into modelling work, with weekly paper reading and code review.
- Trained and deployed TensorFlow models serving 10M predictions per day at under 40ms p95.
- Built an end-to-end training pipeline on Databricks, cutting retraining from days to 6 hours.

Academic Background

Bachelor, Mathematics

Port William National University | 2025

2:1 Honours

Skills & Tools

Languages: SQL, Bash

Frameworks: TensorFlow

Data: Databricks, Elasticsearch

Open Source

Home energy dashboard

Collects meter readings and renders them with SQL. Mostly an excuse to learn time-series storage properly.

Databricks utility library

Open-source helper library for Databricks, ~200 GitHub stars. Wrote the docs and handled issue triage.

Recipe search engine

Full-text search over a scraped recipe corpus using TensorFlow; learned more about ranking than about cooking.

Languages

English – Native

Turkish – Professional working proficiency
