Professional Profile

Recent graduate moving into Data/AI/ML. Most of my practical experience is self-directed - personal projects in NumPy and Scikit-learn - and I'm looking for a team to learn production engineering with.

Education and Training

Bachelor, Business Administration

Robertfort State University | 2022 to 2026

Relevant coursework: Marketing Analytics, Operations Management, Corporate Finance, Strategic Management

Work Experience

Seeking a first professional role; see projects below.

Technologies

NumPy (1 year), Scikit-learn (1 year), SQL (1 year), Airflow (1 year), C++ (1 year), Azure (1 year)

Side Projects

NumPy utility library

Open-source helper library for NumPy, ~600 GitHub stars. Wrote the docs and handled issue triage.

Commute optimiser

Pulls transit APIs and suggests departure times, built on Azure.

Match-day predictor

Small model in Airflow predicting league results. Beats the naive baseline; still loses to the bookmakers.

Professional Certifications

HashiCorp Certified: Terraform Associate — HashiCorp, 2024

Publications

"Organisational change during platform migration" - technical report, 2028. Cited internally as the basis for the current design.
