PROFESSIONAL PROFILE

Pragmatic Junior Analytics Engineer (4 years in Data Analysis). I enjoy untangling messy systems and leaving them simpler than I found them. Day to day that means Looker, SQL and a lot of conversations with the people who use what we build.

EXPERIENCE

2021-10 — Present	Junior Analytics Engineer Nova Tech Group - Defined and documented 2 core business metrics in the semantic layer, ending duplicate definitions. - Presented findings to the executive team monthly, translating analysis into concrete decisions. - Rebuilt the finance forecast with the FP&A; team, improving accuracy by 30%. - Analysed churn drivers and informed retention work that reduced churn by 45%.
