Relevant Experience

OpenAI — Senior UX Researcher

Oct '20 – Present

- Built the experimentation framework the team uses to size bets before committing.
- Shipped a design system in TypeScript adopted across 20 product surfaces.
- Ran quarterly roadmap reviews with executive stakeholders and published the trade-offs openly.
- Facilitated usability testing that surfaced 20 critical friction points before launch.

Technical Product Manager, Clearwater Systems

Nov '11 – Oct '20

- Reduced support contacts by 22% by reworking the checkout and error states.
- Redesigned onboarding in TypeScript, lifting activation from 10% to 82%.
- Partnered with data to define activation and retention definitions the whole company now uses.

Personal Projects

Conference talk

Spoke on Redshift in production at a regional meetup, ~10 attendees.
