

Cory Miles

PERSONAL STATEMENT

Full-Stack Developer with 14 years in Software Development, currently at Salesforce. I work at the point where architecture meets delivery: setting technical direction, then staying close enough to the code to know whether it held. Strongest in GraphQL, Node.js and Next.js.

ACADEMIC BACKGROUND

Master, Physics

Oscarhaven Institute of Technology | 2010 to 2012

Thesis: "Monte Carlo methods for particle transport"

Bachelor, Physics

Shawmchester National University | 2010

CAREER HISTORY

Full-Stack Developer

Salesforce | July 2017 to Now

- Replaced a third-party dependency with an in-house Node.js module, saving \$5k per year in licence fees.
- Set the service-level objectives for 10 services and built the dashboards the team still runs on.
- Led the migration of a legacy monolith to Node.js, taking deployments from fortnightly to 40 per day.
- Hardened authentication flows in TypeScript after a security review, closing 40 findings before audit.

Lumen Works — Backend Developer

September 2012 to July 2017

- Mentored 3 junior engineers, ran weekly design reviews, and authored the team's onboarding guide.
- Built a reusable Angular component library adopted by 30 product teams, removing months of duplicated work.
- Introduced contract testing with the automation framework, lifting coverage from 4% to 82% and cutting integration bugs.

SKILLS

- GraphQL
- Node.js
- Next.js
- gRPC
- Go
- TypeScript
- Angular
- Django
- DynamoDB
- Hugging Face
- Nginx
- GCP

SIDE PROJECTS

Charity chatbot

Built a Nginx assistant for a local charity to answer volunteer questions; retired it once they moved to a supported platform.

PROFESSIONAL CERTIFICATIONS

Azure Fundamentals (AZ-900) — Microsoft, 2024

Certified ScrumMaster (CSM) — Scrum Alliance, 2019

RESEARCH OUTPUT

"Monte Carlo methods for particle transport" - technical report, 2012. Cited internally as the basis for the current design.

"Statistical modelling of detector noise" - technical report, 2014. Cited internally as the basis for the current design.
